ANTI-WRINKLE INJECTIONS

Wrinkle softening is a straightforward procedure so you can even visit us during your lunch hour! We simply use a very fine needle to gently and painlessly inject Botulinum Toxin into areas where it's needed, so it can get to work smoothing out those lines and wrinkles. It usually takes around 7 – 14 days to see the full effects of each treatment, with results lasting up to 4 months. A consult by a healthcare professional must be done prior to any treatment.

DERMAL FILLERS

When the first lines start to appear on the face it can be a stressful time for many women and increasingly more commonly now, men. Dermal fillers can also be used to increase the volume and definition of the lips and cheeks. Dermal fillers contain hyaluronic acid which is a naturally occurring substance within the body which is found in the deep layers of the skin, and one of its functions is to keep skin smooth and healthy by helping it retain water.

Mesotherapy

£149 per area

Mesotherapy is an injection technique combined with products intended to rejuvenate the skin. Nourishing substances and hyaluronic acids are injected into the skin to encourage cell repair in your skin and help to aid loss of volume in the face.

Dermaplaning

£49

Dermaplane is a facial treatment that involves the regulated movement of a steel scalpel blade at a 45-degree angle across the face. This results in the removal of the very top layer of skin, any vellus hair and the “peach fuzz” that sits on top of the skin. It leaves you with baby-smooth, hair-free, glowing skin that lasts up to four weeks.

INJECTABLES**PDO Thread Lift**

The **PDO Thread Lift** is a treatment which lifts and tightens sagging skin tissue, using threads made of Polydioxanone (PDO). The threads introduce them into the deeper layers of the skin. Once introduced, the threads produce 3 effects in the skin: Instant Skin Lifting through mechanical effects; Cellular Renewal, through Collagen stimulation, and neovascularisation to improve skin texture, fine lines and elasticity and Skin Tightening, by contracting fat tissue. Costs will be calculated on the amount of threads used which will vary from person to person.
